Faculty of Dental Science

Dharmsinh Desai University

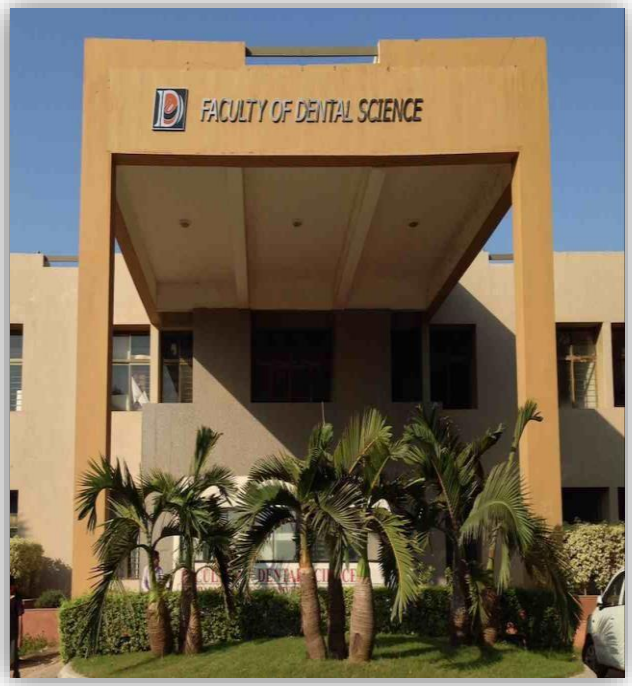

It is a premier institute imparting excellent clinical education & scientific research training to the enrolled students. The college is an integral part of prestigious Dharmsinh Desai University and is recognized by Dental Council of India for its undergraduate & postgraduate courses. Our dental college exhibits an array of equipments starting from basic to most contemporary & advanced gadgets like Lasers, Endodontic microscope, Dolphin Imaging Software, etc. Every year approximately 1,20,000 patients undergo various kind of dental treatments in our institute. A dedicated Oral Cancer Centre has been functioning to curb & treat the ill-effects of tobacco. Lectures, preclinical/clinical demonstrations, field surveys, seminars, journal clubs, dental check-up & education camps are a regular phenomenon in the institute. Knowledgeable and scholarly teachers are hallmark of our institution.

Dr. H. M Desai our beloved vice chancellor is a Padma Shree awardee and this institute runs on his vision. His pure academician insights are incorporated in the institute and its teachings.

VISION

To spread education globally in the field of dental science using existing resources and technology. Developing exemplary clinicians, educators and scientists. To provide need-based infrastructure and facilities to the students and staff. To minimise the impact of diseases of oral and craniofacial origin on health and psychosocial development, giving emphasis to promoting oral health and reducing oral disease amongst populations with the greatest burden of such condition and diseases.

MISSION

Global leadership in human development, excellence in education and health care. To reduce morbidity and mortality from oral and craniofacial diseases and thereby increase the quality of life. To promote sustainable, priority-driven policies and programs in oral health systems that has been derived from systematic reviews of best practices. To reduce disparities in oral health between different socio-economic groups within a country and inequalities in oral health across countries.

The Faculty is armed with modern infrastructure including fully-equipped labs, smart seminar rooms, well-managed departmental library, machines and a professionally managed in-house dental clinic for patient exposure.

Other activities for student welfare

- PUBLIC HEALTH CHECK-UP CAMPS
- COUNSELLING MENTORSHIP PROGRAMS
- CULTURAL EVENTS
- AWARENESS PROGRAMS

- One of the highest patient flows amongst dental institutes of Gujarat.
- Collaboration with local as well as state-level hospitals for placement of postgraduate students.

(A)About Dharmsinh Desai University :

Dharmsinh Desai Foundation was established at Nadiad in Gujarat, by an eminent Parliamentarian and a social worker, Late Shri Dharmsinh Desai. This Foundation was established to develop institutions that would improve the quality of life for the people in and around Nadiad. From an affiliated college, started in 1968 as Dharmsinh Desai Institute of Technology (DDIT), offering Degree and Diploma in Chemical Engineering, DDU has now become a trusted name amongst a variety of stake holders, namely, students, their parents, researchers, academicians, employers, other academic institutions offering higher level education, National level Institutions and State & Central Government agencies.

(B)About BBA Programme :

Formerly known as, Faculty of Business Administration was established in June, 1999. It is located in the religious town Nadiad, the TAPO BHUMI of His Holiness SantramMaharaj, on the northern Bank of Mahi. It is situated 3 K.M. away from Nadiad Railway Station by the side of highway in between Vadodara and Ahmedabad. City bus and other conveyances are available for the transportation in front of the main entrance of the campus. The entire curriculum is designed in such a way that it fulfills the need for junior executive and managers in the industry. For making students more marketable, practical training is organized. Not only this, the managers from various organizations are invited for interaction with the students. Besides paying attention on academics, various extra-curricular activities are organized such as sports competitions, debates, elocution competition, quiz, group discussion, project preparation competition, pre & post budget discussion session. The students every year participates in many events organized by other colleges and institutes and students have won prizes almost every year. College is having a well stacked library with latest books. Because of this, students are instilled with reading habits. This has lead to students becoming more updated with current events and happenings. This has finally lead to increase in general knowledge their logical thinking and overall IQ. The college honors students with gold plated medals to encourage them. A good amount of parents and teachers interaction sessions are organized throughout the year. This has helped faculty in passing on the academic and other developments of the students to their parents. In the same way, the ideas, opinions and other valuable inputs are tracked from the parents to help understand the students in a better way so as to develop the faculty from all possible corners. After undergoing this business administration program, the students are transformed into business and administrative decision makers. With the skills so acquired many students have even ventured into becoming entrepreneurs by starting their own business. College organizes placements for the students desirous of doing job. It has almost become a trend that large numbers of students are placed in reputed organizations. They are found having appointment orders in their hand even before they receive the degree. The students are placed in organizations such as Tata Consultancy Services, Bajaj-Allianz, ICICI Bank, HDFC Bank, HDFC Standard Life Insurance, India Infoline to name a few.

Vision

The BBA Department Persistently Strive to Grow into a Disitingusihale Position In Management Studies To create Business Gradutes To Become FutureBusniess Leader, Enterprenues , Scoially Responsible Proffessional WHo fit into the Dyanamic Coroprate World with a Global Outlook.

Mission

The emphasis to on highest quality education with a strong foundation of managment concepts for students to excel and enhanced their skills.

To develop a strong bonf with industry for projects based intership and placements.

To created academic excellence, international exposure to students to make them globally competitive mangers and learners.

3) For "Practical Studies" at 6th Semester the candidate should satisfy the following requirements: To prepare a Group Project Report on Finance or Marketing. Each group will consist three or more students and will submit a Group Copy of Project Report. This paper will carry 100 marks bifurcated in (i) Report of 40 marks and (ii) Oral examination / presentation / viva of 60 marks.

4) All the students of each respective batch will get same marks for the project report they have prepared and submitted in group. Also all the students of the respective batch will get marks out of 60 for the oral examination on the basis of their respective performance during viva examination. Title of the project report & methodology will be decided by the concerned Professor who will guide them

(E)Evaluation Process: For admission to the External Examination:

(a) A student should have kept two terms in the respective class (F. Y. / S. Y. /T. Y. as the case may be) in a college for Teaching Courses of study in Bachelor of Business Administration by the University, (b) A student should have obtained at least 40 % marks in all the paper individually in the Sessional Examination conducted by the college. For the purpose of deciding final result the ratio between the Sessional assessment and the University Examination shall be 40:60. The Sessional examination carries 40 marks.

(F)Award of Degree:

The student will be declared to have passed the Final Examination leading to the award of Bachelor of Business Administration in First Class with Distinction OR First Class OR Second Class as the case may be, provided he / she passes all the external and viva-voce exams in all the concerned subjects together at a time in B. B. A. - Semester V & VI. Also a class will be awarded according to the following table based on the percentage of the marks obtained by the student, calculated on the basis of the Total Marks obtained in B. B. A.-Semester V & VI:

Scanned with AnyScanner

Required	Corresponding Class for Award of Degree
66% or more	First Class with Distinction
60% or more but less than 66%	First Class
50% or more but less than 60%	Second Class

In all the other cases the student will be declared to have passed the examination in PASS class. No admission in the semester I will be granted after the end of the First Sessional Exam. The Three years Degree Course in Business Administration is divided as under:

Year	Semester
1st Year	I & II
2nd Year	III & IV
3rd Year	V & VI

A student shall be deemed to have satisfactorily kept the term for any of the semesters if having

(1) The attendance of at least 75 %,

(2) Carried out the prescribed Laboratory Work, Term Work & other Curricular Assignment satisfactorily in every concerned subject &

(3) Shown good conduct & character, otherwise he / she

(a) Shall have to repeat the semester

(b) Shall not be eligible to enter into the next semester &

(c) Shall not be permitted to appear in the examination concerned, & in the event of his / her appearance, his name shall be deemed to be cancelled from the list of the students for the examination.

Duration to complete the program:

Duration of Program (Years)	Maximum Duration to Clear the First Year (Years)	Maximum Duration to Clear the Program (Years)
3	3	6

If a student fails to pass first two semester within first three consecutive year, he/she will have to discontinue his/her study at this university and his/her admission will be treated as cancelled, He/She have to complete the Program within 6 years only.

In every concerned subject of a semester, there shall be three compulsory Sessional Exams, the Average marks of these plus Attendance and Assignment marks will be considered as the total of Sessional Marks. If a student does not appear in any one of the three Sessional Exams of a subject on account of illness, he / she may be permitted to appear for the Block exam, provided he / she produced medical certificate from M. S. / M. D. / District Civil Surgeon, which is conducted at the end of the Sessional exam & it will cover the entire syllabus of the subject.

The student's performance in Term Work, Practical & Sessional Exams will be assessed by the teachers of the faculty. However the Practical Examinations in the Subject / Semester meant for the award of Class & the Theory Examinations in every semester will be conducted & assessed jointly by the panel of Sessional & External Examiners appointed by the University.

To pass each of the B.B.A Semesters I to VI examinations, a student must have passed all the subjects in the respective Semester. A subject may contain up to four heads of passing I.e. Theory, Sessional, Practical (including oral) & Term Work.

To pass a subject-examination a student is required to obtain Minimum 40 % of the maximum marks separately in each head of the passing viz. Theory, Sessional, Practical (including the oral) & Term Work as the case may be OR Minimum 30 % of the Maximum Marks separately in each head of passing provided the Total marks obtained of both the Sessional and the University is the minimum 45% of the Maximum Marks for the subject.

A student has to apply with the payment of the requisite fees for the rechecking of result within seven working days from the date of declaration of the result. Reassessment will be only for the last Two Semesters i.e. V & VI Semester.

A class will be awarded only after passing the final-semester examination.

The student will be declared to have passed the Final Examination leading to the award of Bachelor of Business Administration in First Class with Distinction OR First Cass OR Second Class as the case may be, provided he / she passes

Details of Master of Commerce (M.Com)

M.Com is a master's degree in commerce. It is a two-year postgraduate programme for those interested in jobs in accounting, banking, investing, financial services, investment, economics, and marketing.

M.Com courses are recommended for candidates who desire to pursue various leadership roles in multiple businesses. Working professionals with a bachelor's degree in commerce can take this course online to improve their job prospects. The M.Com programme is ideal for those interested in pursuing a career as a financial manager. Candidates dissatisfied with their Bachelor's degree in a specific field might pick an M.Com Specialization based on their interests.

M.Com is one of India's most widely studied courses in India, allowing students to work in practically every area of the economy. It is a postgraduate programme designed for applicants who want to work in the banking, financial services, insurance (BFSI) industries, and accounting and commerce. The two-year course digs further into the economy's functioning, capital, revenue, commerce, taxes, and other topics covered in B.Com.

This programme provides students with a high-quality education that meets the needs of business and industry's managerial cadre. In the discipline of business studies, it also serves as a research and teaching tool. The course enhances analytical skills, logical reasoning, business management skills, mathematical and statistical knowledge, communication skills, teaching and research skills, and business management skills.

Eligibility Criteria for Master of Commerce (M.Com)

- In BCom or BCom Hons or equivalent exams from a recognised university, students must have a Minimum 50% score.

Reserved category students are eligible for up to a 5% mark relaxation at government universities

Benefits of Master of Commerce (M.Com)

The M.Com courses are in high demand because of the financial advantages they bring to students. M.Com courses are offered in various formats, and the extensive specialisation allows candidates to carve out a speciality in various industries. After completing the course, a candidate will be eligible for the following benefits:

- In the future, the M.Com course will boost work chances.
- In the next 8-10 years, the Banking and Financial Service Industry (BFSI) employs M.Com graduates.
- The M.Com curriculum is designed to provide applicants with the necessary abilities to manage finances, establish a business, and devise methods to help them navigate challenging situations.
- The variety of specialisations enhances work prospects.
- It enables candidates to form networks with their classmates and seniors, professors, and alumni. The fundamental goal of networking is to establish references for future employment.
- Candidates with an MCom degree can sit for competitive tests such as the civil service exam or exams connected to finance and accounting, such as income tax, CAG or excise departments.

About University

DDU primarily started as an engineering college (called DDIT) offering degree and diploma in Chemical Engineering in 1968. Since then, it has come a long way - adding other branches of engineering and postgraduate courses, becoming autonomous in 1990 and a deemed university in 2000, and subsequently turning into a University in 2005. It is located in the religious town Nadiad, the TAPO BHUMI of Santram Maharaj, on the northern bank of Mahi Canal. It is situated 2 km. away from Nadiad Railway Station.

Being chosen as the best regional university by the 'Oxford Summit of Leaders', an organization in UK and felicitated for being in the 'Asia's 100 Best and Fastest Growing Educational Institutes 2014-15' by the WCRC Leaders Asian Education Excellence Summit & Awards, are some of the accolades the university has received. These testimonies are further strengthened by our healthy placement record and alumni spread across the globe in top companies. Believe it or not, we also have a Guinness Book of World Record in our name.

The course of BCA was started in 1999 at this University. It is a 3 year under graduation program designed to meet changing requirements of the IT sector and to produce a dynamic breed of computer professionals with excellent managerial skills.

University is having lush green campus with peaceful and clean environment. Along with the qualified staff, ultra modern laboratories are available to mould the incumbent into a technically sound and disciplined competitor in the present world. Well-equipped computer labs, 24 hours Internet Connection, one PC per student, ICT Based Lectures are some of the special features of the BCA department. University is having a well stacked library with latest books and journals.

To attain academic excellence, syllabus is designed by the committee consisting of highly qualified and experienced persons both from academia and industry. The salient feature of the syllabus is that it turns the students into a complete professional by providing industrial training and projects for one whole semester in the final year.

Besides paying attention on academics, various extracurricular activities like sports and cultural events are conducted. For a holistic growth of the students' community service programs are also organized frequently.

Under the strong leadership and guidance of respected Padma Shri Dr. H. M. Desai, the Vice Chancellor, the university is progressing at phenomenal pace.

The transformation that a student undergoes is directly proportional to the quality of a university.

DHARMSINH DESAI UNIVERSITY

The University shall undertake programmes and projects for development of human resources, both through formal and non-formal delivery systems, in areas of professional pursuits in all walks of human endeavours, with accent on relevance, value addition, societal needs and futuristic pilot projects.

Vision

To become multi-disciplined and learner-oriented university. To closely associate with and responsive to and Industry. To create supportive and caring environment for staff students To improve R&D activities in areas of national priority.

About Dharmsinh Desai University

Dharmsinh Desai Foundation was established at Nadiad in Gujarat, by an eminent Parliamentarian and a Social worker, Late Shri Dharmsinh Desai. This Foundation was established to develop institutions that would improve the quality of life for the people in and around Nadiad. From an affiliated college, started in 1968 as Dharmsinh Desai institute of Technology (DDIT), offering Degree and Diploma in Chemical Engineering, today it has grown into Dharmsinh Desai University offering large number of courses in diverse fields of education.

About Dharmsinh Desai Institute of Commerce - English Medium College

The course of BCOM English Medium stared in 2014 in this University. It is located in the religious town Nadiad, the TAPO BHUMI of Santram Maharaj, on the northern bank of Mahi Canal. It is situated 2 Km away from Nadiad Railway Station City Bus and other conveyance are available from Bus and Railway Station to the campus.

Institute is having lush green campus with peaceful and clean environment.

The focus of the program is going to be industry oriented with focus on preparing the students career in the areas of Chartered Accountant, Company Secretary, Chartered Financial Analysts, Banking Professional, Insurance Professional and Stock Market Professional.

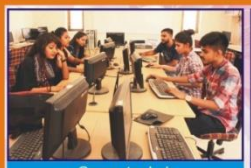

To attain academic excellence, syllabus is designed by the committee consisting of highly qualified and experienced persons both from academia and industry. It prepares the students according to the present and future trends.

Besides paying attention on academics, various extra curricular activities like sports and cultural events are organized along with co curricular activities.

The timing for the class shall be between 12:30 pm. to 5.00 pm.

The faculty is housed with Computer lab, a library and spacious class rooms.

It has spacious parking facility, ground for volley ball and has lush green campus on the main road.

DEPARTMENT OF CHEMICAL ENGINEERING

To design, develop, produce, transform, transport, operate, and manage the industrial processes that turn raw materials into valuable products, chemical engineering is a multidisciplinary branch of engineering that combines natural and experimental sciences (such as chemistry and physics), along with life sciences (such as biology, microbiology, and biochemistry), mathematics, and economics.

Therefore, in contrast to other engineering specialties, chemical engineering is a branch of engineering that has a wide range of applications. These include mineral processing, pharmaceuticals, synthetic fibres, petroleum refining plants, biotechnology, nanotechnology, synthetic fibres, and many other areas. It combines chemistry and engineering knowledge in a unique way to produce chemicals and associated by products.

VISION

To be an eminent department in chemical engineering and allied areas. To create conducive environment for ethical research and learning with an aim of generating and disseminating knowledge required for sustainable growth.

MISSION

1. Education: Educate and train scholars at multilevel and multi-disciplinary programs to meet demand of society and industry while upholding high moral and ethical values. Expanding the limits beyond classroom studies to research, industrial exposure and start-up programs.
2. Research: Enlarging technical creativity in numerous technological fields by creating dynamic environment. Pioneering vibrant interface for industrial and societal needs. Our mission is to promote intellectual rights and paper publications in relevant areas.
3. Industry and Alumni: Establishing strong interaction with industry and alumni for active and vigorous exposure to real industries and its complications.
4. Skill endorsement: Addition of valuable skills by developing conducive learning environment to address stakeholders, industries and community at various national and international levels.
5. Value added services: Organizing value-added short-term training programs and workshops benefited to industrial, academic community and young students.

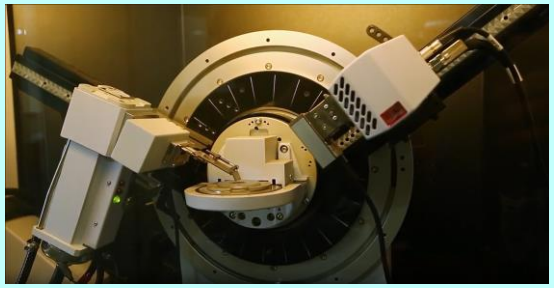

HIGHLY QUALIFIED FACULTIES

INFRASTRUCTURE & FACILITIES

- The Chemical Engineering department is well-equipped with laboratories to support Teaching and Research.

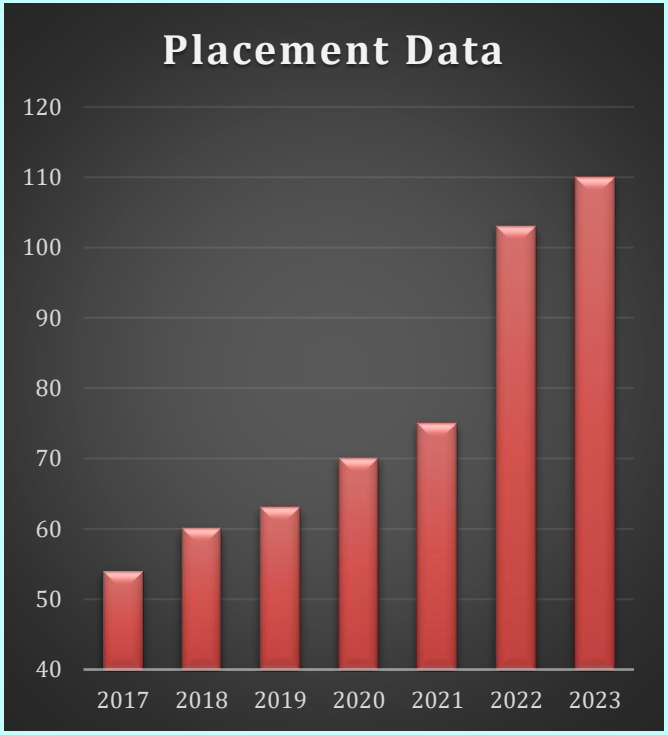

OTHER ACTIVITIES FOR STUDENT WELFARE

- IICHE Student chapter.
- Industrial Visits & Expert Lectures.
- Counselling & Mentor ship programs for higher studies and competitive exams.
- GATE coaching.

STUDENT ACHIEVEMENTS

- AIR:02 in GATE 1999
- AIR:01 in GATE 2021.
- AIR:29 in GATE 2023
  - 25 students in GATE 2023

PLACEMENTS RECORDS

DEPARTMENT OF CIVIL ENGINEERING

Civil engineering is a professional engineering discipline that deals with the design, construction, and maintenance of the physical and naturally built environment, including public works such as roads, bridges, canals, dams, airports, sewage systems, pipelines, structural components of buildings, and railways.

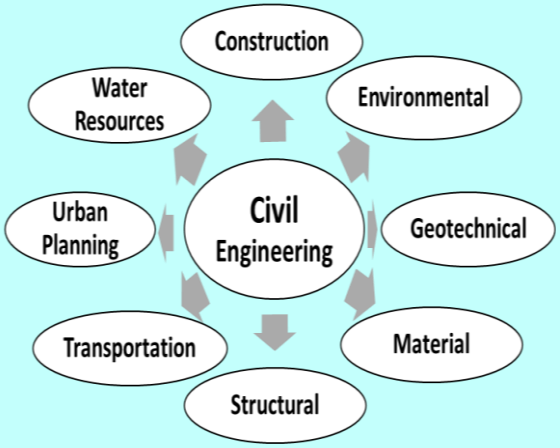

Therefore, in contrast to other engineering specialties, civil engineering is a branch of engineering that has a wide range of practices. These include design, execution, supervision and monitoring of large-scale constructions. The scope of entrepreneurship, consultancy services and jobs in government and semi-government and private firms are increasing with growing demand of infrastructure in India. The civil engineering discipline is also practicing in multidisciplinary fields such as material science, nano technology, construction chemicals etc.

VISION

To Develop Centre of Excellence and to impart learning to students for the state of art development in Civil Engineering & its application in real life projects. To imbibe leadership qualities and capacity to take up ethical practice and research in students for sustainable development.

MISSION

1. To offer multi-level and multi-disciplinary program in civil engineering and other skill development courses that add value to student competencies.
2. To promote quality education, research and consultancy services for benefits of industry and society.
3. To have regular interaction with alumni and industry to make students familiar with latest trends and offer solutions to real life problems.
4. To inculcate moral and ethical values among the students and imbibe the sense of responsibility towards the society.
5. To provide dynamic learning environment by organizing various interacting programs that emphasizes team work, communication and leadership skills in students.

HIGHLY QUALIFIED FACULTIES

- The departmental faculty members are on the university's Board of Studies, while being members of various other boards as well as state and national committees. They also go as B. Tech, M. Tech and Ph.D. examiners at other universities in the state
- The department boasts of 16 national and 11 international publications over the past five years

INFRASTRUCTURE & FACILITIES

- The Civil Engineering department is well-equipped with laboratories to help supplement the lectures, and test and experiment with the theories they learn. (NABL- ACCREDITED)

ACTIVITIES FOR STUDENT WELFARE

- GATE Coaching
- Industrial Visits & Expert Lectures.
- Counselling & Mentor ship programs for higher studies and competitive exams.
- Scholarships and awards
- Software Workshops
- Industrial Training

Vision and Mission

Vision

Our vision is to be a distinguished institute in Pharmaceutical Education and Research at national and international platforms by becoming creative and productive in Pharmaceutical Sciences. To become capable in fundamental education, skills, social values and alumina by offering Bachelor, Master and Doctorate of Philosophy in Pharmacy. To develop pharmacist, educators and scientist whose leadership, dedication, and motivation improve health of local and global communities.

Mission

1.Education: Educate and train pharmacy students in multi-disciplinary programs to meet demand of society and industry while perpetuating high moral and ethical values. Growing the scope beyond classroom studies to research, industrial exposure and start-up programs. To impart academic excellence by teaching advanced pharmaceutical technologies.

2.Research: Expanding technical creativity in technological fields by creating dynamic environment. To set up the institute that imparts education through high quality pharmaceutical research and attitude.

3.Industry and Alumni: Establishing strong interaction with industry and alumni for active and dynamic exposure to real time need for industries and its problems.

4.Skill endorsement: To train students via student centric teaching and learning process to accomplish industrial research and social needs.

5. Value added services: Organizing value-added training programmes, seminars, conferences and workshops benefited to industrial, academic community and young students.

About Faculty of Pharmacy

Dharmsinh Desai University (DDU) formerly known as DDIT, was founded in 1968 by respected educationist, social worker and the Member of Parliament Late Shri Dharmsinh Desai. In the year 2000, it was declared a Deemed University by Government of India. In recognition of its standards in academia, In April 2005, Government of Gujarat declared the institution as a State University. Dharmsinh Desai University is approved by the UGC Under section 2f and 12B, ISO 9001 :2008 certified & NAAC Accredited.

Faculty of Pharmacy was established with sole motive to promote excellence in pharmaceutical education to meet the needs of industry and academia in 2006. Faculty of Pharmacy is approved by PCI (Pharmacy Council of India).

Highly experienced & qualified faculties are strength of institute to achieve high level of academic and research

Programmes Offered

Name of Programme	Intake	Duration (yrs)
B. Pharm	60	4
M. Pharm (Pharmaceutics)	15	2
M. Pharm (Pharmaceutical Quality Assurance)	15	2
Ph.D (Doctoral degree in Pharmaceutical Science)	-	-

Departments

Pharmaceutics
Pharmaceutical Chemistry
Pharmacology and Toxicology
Pharmacognosy

Student Start up and Innovation Policy (SSIP)

In 2017, DDU established DDU SSIP CELL under the scheme of SSIP 1.0, Government of Gujarat ,15 students received research project grant from SSIP worth Rs. 3.5 Lakhs.
In 2022, SSIP 2.0 launched and 07 students received research project grant worth Rs. 2.45 Lakhs.

Nodal Institute for Startups and Innovation

In 2015, Faculty of Pharmacy is recognized as Nodal institute for Startups and Innovation to cater and establish an Entreprenureship and Startup Ecosystem within university and Gujarat State. The state provides support to start-ups at different stages of life cycle. Sector agnostic schemes such as, Student Start-up and Innovation Policy provides support to start-ups at proof of concept/ minimum viable product stage, whereas, Scheme for assistance for Start-ups/ Innovation provides support to start-ups at seed funding and scale up stage.

Multifaceted Contribution

Research Publications in National / International Journals	**100**
Research Presentations in National/ International Conferences/Seminars	**210**
Patents	**06**
Workshops/Training Programmes Organized	**10**

Department of Instrumentation and Control Engineering, Faculty of Technology, Dharmsinh Desai University

Bachelor of Technology
Doctor of Philosophy

VISION

To lead the field of Instrumentation and Control engineering towards inclusive excellence through integration of teaching, learning and industry interaction along with advancement of the knowledge base by multidisciplinary research, innovations, scholarships and services to the society.

MISSION

Set-up a mechanism for creating better quality professionals in Instrumentation and Control Engineering to match the needs of industries. Adapt systems and methods for meaningful collaboration with stakeholders. Take-up socially relevant and nationally important issues and problems as project assignments. Inculcate creativity, entrepreneurial attitude and values amongst learners.

Modern Curriculum

Sem I
- Mathematics -I
- Thermodynamics
- Mechanics
- Elements of Electrical Engineering
- Computer Programming
- Workshop Practice -1

DEPARTMENT OF INFORMATION TECHNOLOGY

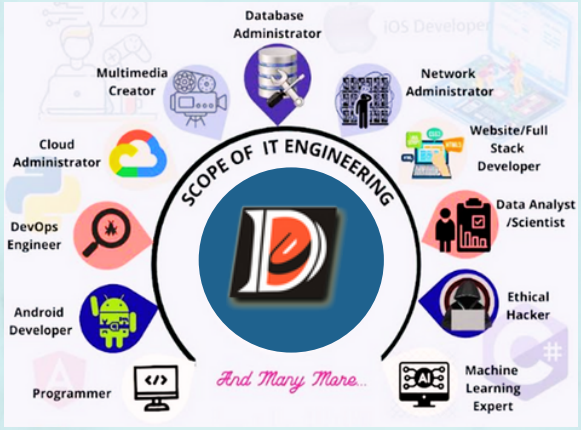

ABOUT US

Information Technology and novel data analysis is the need of today's majority of industries, businesses, government, and any endeavor. Currently Information Technology helps a lot in various fields and it is going to play a key role in a number of different fields that might not have been yet realized. It was anticipated that after industry revolution, Information Technology is going to bring next revolution. To provide engineers that can contribute in development of nation and the world through Information Technology revolution, the Department of Information Technology was established in the year 1998 with a Bachelor's Degree Course in Information Technology.

ADMISSIONS

B.Tech IT has intake of 142 students. Out of these 142 seats, 75 (SFI) seats and 7 (TFW) seats are filled by ACPC. 42 seats are filled under Management Quota (MQ) and 18 seats under NRI Quota. There is a lateral entry for diploma students. Admission to all seats is as per the rules of ACPC.

VISION

To become a state-of-the-art and reputed department in the field of Information Technology that can transform admitted students into an accomplished IT professional who can apply knowledge, skills, research, and expertise to problems /projects of technological, societal, national, and international importance.

MISSION

- Foster students to become dynamic IT professionals, entrepreneurs, and researchers who have a strong foundation of core knowledge and are also industry ready, who can easily adapt themselves for prospective technologies and domains.
- Adapt faculty members and laboratory resources for the state-of-the-art curriculum designed as per contemporary and prospective needs of industry and that of society and nation at large.
- Promote faculty members and students to participate in value added learning and skill endorsement.
- Work with IT Industry, Research organizations, Academic institutes, Alumni, and Local authorities for volunteer services and collaborative activities which have societal needs and have regional, national, and international importance

HIGHLY QUALIFIED FACULTIES

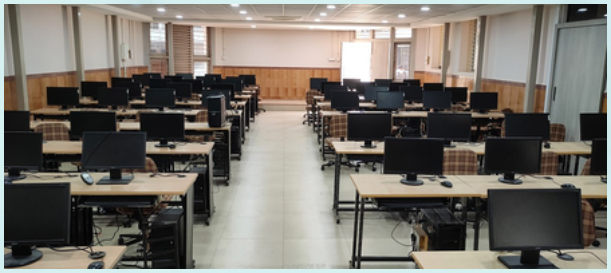

- The department has well qualified and experienced faculty members, 2 with PhD and the rest with ME/MTech, with average experience of more than 10 years.
- Faculty members actively carry out research, also organize & participate in FDPs, STTPs and Workshops.
- Some faculty members are regularly invited as expert reviewers in international conferences / journals and also have been invited to deliver expert lectures at various places.
- Faculty members carry out quality research work, more than 100 papers have been published in national as well as international journals / conferences.

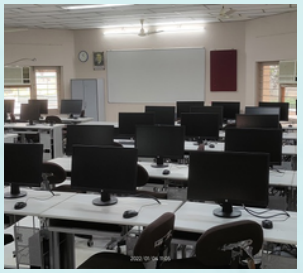

OTHER ACTIVITIES FOR STUDENT WELFARE

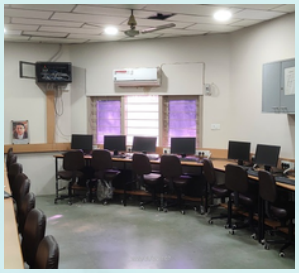

- MYSY Scholarship scheme is available.
- Technical & financial support for Start-up projects under DDU-SSIP cell.
- Students Chapter of Professional bodies like IETE & Cisco Academy
- Grants are received from funding agencies like GUJCOST and DST for conducting Faculty Development Programs.
- Regular interactions with industries and R&D institutions are encouraged. Expert from industries are invited to conduct seminars/workshop to update our students for latest technologies used in industry.
- The department helps and guides students for participation in national level competitions such as NCAT, Hackathon, and eYantra.
- The AWS Academy at DDU is run by the Department of Information Technology. The academy offers an AWS Cloud Foundation course which prepares the students for the AWS Cloud Practitioner Exam.

INFRASTRUCTURE & FACILITIES

Information Technology Department is having state of the art laboratories and ICT enabled classrooms. Department also has its library for the students.

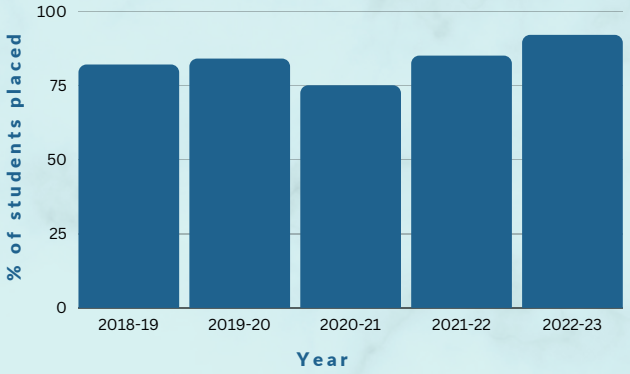

HIGHLIGHTS OF 2023 BATCH

- Total Number of Job Offers : 142
- Total Number of Students Placed : 134
- Number of Students Opted for Higher Studies : 41
- AIR : 11 in GATE 2023
- 23 students of IT Qualified in GATE 2023

[1] ABOUT THE SUMMER INTERNSHIP

****

[1.1] Objectives:

The summer internship is designed to benefit the students, the host organizations and the Centre for Management Studies, Dharmsinh Desai University (CMSDDU). By design, Summer Internship permits to build an interface between classroom and field-based traineeship to provide linkages between theoretical concepts and practical experience.

[1.2] Summer Internship – An opportunity for students

- Study and demonstrate the role of a professional manager in an organization
- Develop appropriate attitudes, values and skills required of a professional manager
- Test the applicability of management concepts and techniques
- Develop an integrated understanding of functioning of organizations associated with CMSDDU.

[1.3] Gains to host organizations

- Undertake a diagnostic analysis of select aspects of managerial functions such as marketing, finance, accounting and costing, human resources, manufacturing etc.
- Undertake projects/studies for organizations that may not otherwise be undertaken for want of professional managerial resources
- Receive valuable suggestions leading to higher efficiency and reduction in cost.

[1.3] Gains to institute

- Develop case leads, field projects/problems as inputs to the MBA curriculum.
- Be responsive to the needs of the organizations associated with CMSDDU
- Use feedback from management traineeship experience for MBA curriculum development.

[1.4] Summer internship – Operationalizing

The summer internship is of **8 weeks.**

- During summer internship, the students work on projects pertaining to managerial concerns under the supervision of a company guide and a Faculty Guide at the Institute.
- Upon joining organization, the students rely on company guide for guidance while keeping the faculty guide informed of their progress
- Before leaving the organization, the students present their findings to the organization and submit a draft report after incorporating changes suggested during the presentation.
- Any significant revisions suggested by the Faculty Guide are communicated to organization in the final report. The draft report is considered final if there are no major revisions suggested by the faculty guide.
- Summer internship is evaluated and is treated as two credit course.

[2] EXPECTATIONS FROM THE ORGANIZATIONS

****

- Provide adequate project details in the form to enable students to havea clear understanding of the problem
- The project provides enough learning opportunities for the students
- All activities, from project initiation to final project preparation, may beplanned to keep pace with the time allocated for summer internship
- Ensure that the officer nominated as guide has sufficient time for guiding students.
- Ask the students to submit a copy of the draft report and ensure that a presentation is made to the concerned officers in your organization during the summer internship itself.
- Ensure that the students follow the rules and norms applicable to the officers of your organization.
- Report leave availed or absence, if any to the faculty guide of the student, CMSDDU.
- Settle all accounts before the departure of students
- Please ensure that evaluation report, reliving report, payment of stipend and other expenses (if applicable) are settled.
- Any incident of student misconduct or absence must be immediately report to the concerned faculty guide of the student of CMSDDU.
- Project Report Completion Certificate (As per Format Given)
- Advise the students clearly on the rules of the organization and the permissible expenses procedures involved in settling the claims

Expected facilitation from the host organization

- Travel, Stipend/Allowance, Accommodation where applicable, Incidental expenses such as local conveyance while on tour, survey expenses, Typing, photocopying and other facilities may be provided tothe students.

[3] EVALUATION CRITERIA

****

[1] Project Proposal: 10%

Date of Submission	Within 10 Days
Date of Reporting	20.5.2023
Content	• Selection of topic • Brief Introduction of Research Topic • Research Methodology • Information about guide • Brief plan of evaluating each area of project indicating days planned to be allocated for each area.

[2] Mid-Term Evaluation: 20%

Research Problem/Training Theme	5%
Research Method	5%
Presentation skills	5%
Apparent Work Done	5%

Points to be considered:

- Students will be asked to make a **presentation of 15 minutes and 5 minutes for Q&A.**
- Students are expected to share what they have done and what they plan to do subject to exclusion of company history/theories in the presentation.
- Primary assessment of work will be checked whether their track is right or not.
- The presentation has to be done with only points recorded on slides and the slides sent to faculty guide well in advance.

[3] External Guide Evaluation: 20%

- External guide will give marks out of 50.
- Basis of Evaluation:
    - Research Problem/Training Theme,
    - Research Method used,
    - Work done & Inferences.
    - Interpretations of the result obtained
    - Executive Summery
    - Overall Presentation
    - Report (As per format)

[4] Internal Guide Evaluation: 10%

- Basis of Evaluation:
    - Content of the project
    - Work done
    - Regularity in reporting

[5] Project Report: 10%

- Final Project Report Submission:
    - **Format:** Hard copy & Softcopy in CD
    - **Date of Submission: On or before 5th July 2023**

[6] Final Presentation : 30%

[5] SUMMER INTERNSHIP GUIDELINES FOR THE STUDENTS

****

- Remember to carry your identity card, wherever you go.
- Report to the organization without fail on scheduled date
- Do not make any false claims for journeys for which you have not madeor paid. Claim reimbursement of actual expenses wherever eligible from only one organization.
- During the summer internship, follow the rules of the conduct and regulations of the concerned organization. Please familiarize yourself withthe procedures and rules of the organization, especially regarding thefinancial matters. Be sufficiently clear about the permissible expensesand limits and the mode of claiming. Any indiscipline, in financial matters, brought to the notice of CMSDDU by the host organization would be viewed very seriously.
- You are not permitted any leave during the Summer Internship period. In emergency, apply for leave to the concerned faculty guide at CMSDDU.You must keep the company guide informed about the same. Any unauthorized absence brought to the notice of CMSDDU will be viewed very seriously as a breach of discipline and attract appropriate penalties.
- Formal dressing, courteous behavior, well preparedness, study of the project subject from books & other learning source are basic requirement.
- Send weekly reports to your faculty guide. Send them on Saturdays when your work is done for that week and you have planned your next week's work.
- You are expected to make an oral presentation of findings and your recommendations to the host organization at the end of the project work. With the help of your company guide, schedule all such presentations well in advance. You should do your best to incorporate comments and suggestions in Draft Report before coming to CMSDDU.
- Before you leave your host organization, ensure that:
    - Settle all accounts.
    - Submit one typed copy of your project report (A4 size) to the organization. Make it clear that the reports submitted are final unless the faculty guide suggests major revisions.
    - Executive summary must be included in the report.
    - The executive summary should include
        - The objective of the project
        - The methodology used
        - The source of data
        - Findings and their implications.
    - Drawbacks or limitations of your study should be highlighted. All these details should be preferably in running text, with appropriate sub-headings, wherever necessary. Summer Internship project executive summary should not exceed one page.
- Project report will have to be submitted in soft and hard copy to your faculty guide well in advance with well-prepared slides for finalpresentation.

[6] STYLE MANUAL FOR SUMMER INTERNSHIP REPORT

****

Format of the report:

- The reports to be submitted to the faculty guide should be on good quality A4 size paper.
- The print out should be taken on only one side of paper.
- The students are also required to submit a CD containing the report along with the hard copy.
- The soft copy of the report should be in MS-Word-2003 (*.doc) format.
  - Ensure that the printing starts from the top of the page.
  - Give top and bottom margins 1" each.
  - Use standard size of paper – these dimensions are for a Standard A-4size paper.
  - Locate the page number at the bottom Centre for the page
  - Give line spacing of 1.5
  - Leave a margin of 1" each on the right and left side of an A-4 sizepaper. The hard copy should be taken using TIMES NEW ROMAN font size 12 pitch.
  - Every report should start with a title page that would contain the following information. The matter should appear on the Centre of each line and should be in the following format:

[1] Title Page

TITLE OF THE REPORT
BY
THE NAME OF THE STUDENT

Submitted to
THE NAME OF THE ORGANIZATION
MONTH, YEAR

CENTRE FOR MANAGEMENT STUDIES
DHARMSINH DESAI UNIVESITY
NADIAD

****

[2] The second page should contain acknowledgements if any.

****

[3] The third page should contain the executive summary in the following format:

EXECUTIVE SUMMARY

After these details, the summary of the report should be in running text. The summary should contain objectives and the scope of the study methodology, sources of data, major findings, the conclusions drawn and recommendations given by the students. The students may choose to have sub-heads for the relevant details that will be given in the summary of the report. The executive summary should normally not exceed one page and should be in single line spacing.

****

[4] The fourth page should contain the table of contents, with chapter headings and page numbers

****

[5] The fifth page should contain List of tables, if any, along with page numbers.

****

[6] The sixth page should contain the list of figures (if any)

****

[7] A blank page after which the Main body of the report would start.

****

[8] References:

- Any material borrowed from published or unpublished sources should be duly acknowledged.
- This should be carried in the list of references to be provided at the end of the text.
- References should be complete in all respects and arranged in alphabetical order.
    - **In the text,** the references should appear as follows: Dayal (2002) has shown… or Recent studies (Ramnarayan, 2002; Chandra, 2001) indicate…
    - **Journal references** should be listed as follows: Khandwalla, P N (2001). "Creative Restructuring," *Vikalpa*, 26(4), 3-18.
    - **Books** should be referred to as follows: Sugandhi, R K (2002). *Business to Business Marketing*, New Delhi: New Age International

[7] BRIEF PROPOSED OUTLINE OF SUMMER TRAINING PROJECT

****

- Preface/Introduction
- Acknowledgements
- Executive Summary
- Objectives/Problem Statement/Literature Review/Benefits of the Study/Limitations of the Study/Glossary/Research Methodology/Research Proposal
- Sampling Plan/Unit/Method
- Data Analysis and Findings
- Recommendations
- Bibliography/References (APA style preferably)
- Annexure – (Questionnaire etc)

While it is an example/indicative outline, each and every project is unique in terms of its theme/industry/research method etc. and the student must use his/her discretion in following a particular format. Your guide and your BRM books will offer an equal help for the format of the report.

[8]

FORMAT OF THE REPORT TO BE SENT AT THE START OF THESUMMER INTERNSHIP TO YOUR FACULTY GUIDE: (DETAILSOF THE COMPANY)

Roll Number	
Name of the student	
Company Name	
Faculty Guide	
Company Address, phone number, website and email id	
Company Guide Name	
Company Guide Email id	
Company Guide office/Mobile Number	
Joining Date	
Anything other details	
Remarks, if any	

Weekly Reporting Format

Roll Number	
Name of The Student	
Name of the Company and city / town of Training	
Company Guide	
Faculty Guide	
Topic/Theme of Training	
Area of Training (Marketing/HR/Finance/Operations/IT/Project Management)	
Training Report Period (E.g., from 8th June, 2021 to 14th June, 2021)	
What did you plan to do during this week?	
What did you actually do during this week?	
Deviation between what you wanted to do and what you did and its reasons	
What do you plan to do next week?	
Remarks, if any	

[9] GUIDELINES FOR PROGRESS REPORT PRESENTATION TO BE MADE ON JUNE 10,2023

****

- Each and every student must be prepared with (PPT: it should be to the point) presentation of the work done up to **June 10,2023.**
- Please show us what you have done, are planning to do and will hopefully be doing as a part of your summer training. Avoid company history, mission, vision, objectives or any theoretical aspect in your presentation. You are advised to maintain a log/diary of everything you do on daily basis. Especially, if you are carrying out a qualitative research, this is almost a must.
- Time allotted for presentation would be 20 minutes including question and answers. (15 minutes' presentation+5 minutes' queries)
- Every student is required to make a presentation of the work done and they must send the PPT of that presentation to their respected guides by **June 9,2023**, 11:59 PM. For any further clarification, you can contact your respected guide.
- If you fail to comply with any of these instructions, we will be forced to penalize you in terms of negative marking.

ACADEMIC BROCHURE AND CALENDAR
MBA PROGRAMME
BATCH 25 (2022-'24)
-: GENERAL INSTRUCTIONS: -

1. 80% attendance is a must in each and every subject, failure of which will lead to detention in Term End Exam.
2. The subject-wise session-wise schedule, evaluation criteria and name of textbook / reference book will be announced at the beginning of the Semester.
3. Medium of instruction and examination shall be strictly English.
4. Each student is required to remain present on the first and last day of each term without fail.
5. A student will have to clear the entire MBA programme in a maximum span of four academic years under any circumstances. This includes medical and social reasons also.
6. If you fall ill, please take care of yourself but, you must inform immediately via phone/SMS, to the Program Coordinator, Prof Hardik Shah, on 9427854036 or Head and Dean, Prof. Naresh Patel on 9426699665 with necessary details. Failure to comply with this will mean absence without permission.
7. If you don't attend the departmental events, you will be fined Rs. 300/. The departmental events include Weekly Lecture Series (WLS), first day and last day of the term, a lecture by a guest faculty and events during the term that may be announced from time to time.
8. If you break or damage the property of the university, you will be fined Rs. 500/- plus the actual price of the property.

Convocation: 9th May, 2024 for Batch – 25

9. The students are to switch off their mobile phones while in the class. If the mobile rings in the class, Rs. 100/- fine will have to be paid.

10. Summer Training: After completion of Term II, Students will go for the Summer Training in different organizations for eight weeks beginning from 1st May. This is an 8-credit, graded course. Each student is expected to take up a project of practical significance to the host organization and complete it within the internship period. The purpose of the program is twofold: a) The students contribute to the host organization by working to identify, analyse and/or help solve a specific problem that may be of some significance to the organization, and, b) The host organizations provides a real life context in which to apply and sharpen some of the concepts the student has acquired in his/her MBA program.

11. Management Research Project: The objective of this course is to prepare the student to conduct a research study of an Industry / organization utilizing the tools and techniques learned in the two years of study. The focus of the study could be in depth analysis of an industry or a diagnostic problem solving exercise of an organization. The management research Project will start in Term III and it will continue in Term IV. This research project is considered as an 8-credit course. All the students have to follow the guidelines and successfully complete the requirement of the project. If any student fails to comply with any of the instructions, student will get "FF" grade for that component that means the student have to repeat that entire semester.

12. All the guidelines and procedures in this booklet are subject to change for the betterment of the students/program and upholding the high standards set by Center for Management Studies.

13. The parents must appreciate that their wards will be governed by the guidelines provided by the handbook and their cooperation in this matter is expected for the betterment of the entire program.

14. THE EVALUATION AND GRADING SYSTEM:

The rules governing passing of an exam are as under:

a. To pass a subject-examination a student is required to obtain minimum 40% of the maximum marks separately in each head of the passing viz. Mid-term, End-term and Continuous Evaluation as the case may be, OR minimum 30% of the maximum marks separately in each head of passing provided the total obtained is the minimum 45% of the maximum marks for the subject.

b. A class will be awarded only after passing the final-semester examination. The student will be declared to have passed the final examination leading to the award of degree in First Class with Distinction OR First Class OR Second Class as the case may be, provided he/she passes all the exams of all the concerned subjects together in each of the semesters.

c. A student will be permitted to appear in a Remedial or Re-remedial Examination ONLY if he has failed in the concerned subject, and not for improving the grade.

d. A student has to apply with the payment of the requisite fees for the rechecking of result within seven working days from the date of declaration of the result.

e. All the students have to follow the guidelines and successfully complete the requirement for the summer training. If any student fails to comply with any of the instructions, student will get "FF" grade for that component that means the student have to repeat that entire semester.

f. In any case where the result of an examination has been ascertained and published and it is found that such result has been affected by any malpractice, fraud or any other improper conduct whereby a student has been benefitted, and that such student has, in the opinion of the vigilance committee been party to or privy to, or connived at such malpractice, fraud or improper conduct, the Vice-chancellor shall have power at any time, notwithstanding the issue of a certificate or the award or prize or scholarship, to amend

or cancel the result of such student or punish such conduct by exclusion of such student from the university/college examination of any other constituent Centre or from any convocation for the purpose of conferring degree/diplomas either permanently or for specified period, or by the deprivation of any university scholarship held by him/her, or by the cancellation of the award of any university prize or medal to him/her or any two or more of the aforesaid ways and to make such declaration as the Vice-chancellor may consider necessary in that behalf.

15. Evaluation in the MBA programme is designed to facilitate continuous learning and improvement of performance, besides ensuring attainment of the necessary minimum academic standards. Bearing in mind the criticality of intermediary feedback for the purpose, every course will have several segments of evaluation, such as test/quizzes, assignments, midterm examination and a term-end examination. The quality of class preparation and participation (CP) by the students may also be evaluated.

16. Every instructor evolves the criteria for Continuous evaluation in his/ her course and communicates the same to the students at the beginning of the course. The evaluation methods ought to have an adequate difficulty level to ensure high academic standards, they must also be capable of discriminating quality levels of performance to encourage and sustain a motivation to excel.

17. The Exam Section will compile and announce the final results for each semester after the evaluation of the End-term examinations is over. The grading for each subject will be done as per the following grading system.

18. All the programmes of the University are following the DDU grading system, which is well accepted by the Industry. The grades are based on a scale as described below:

    Marks obtained, Grades, Grade Points and their description:

Percentage Marks	*Grade*	*Grade Points*	*Description*
85-100	AA	10	Outstanding
75-84	AB	9	Excellent
65-74	BB	8	Very Good
55-64	BC	7	Good
45-54	CC	6	Average
40-44	CD	5	Below Average
<40	FF	0	Fail

EVALUATION IN INDIVIDUAL SUBJECTS: Evaluation in individual FULL-CREDIT subjects carried out as per the following scheme:

ET	MT	CE	Total
50%	20%	30%	100

a. Grade in each subject will be calculated based on the summation of marks obtained under each head of examination i.e. Mid-Term, End-Term and Continuous Evaluation (CE).

b. However, if the student obtains FF grade under any head, he/she will be awarded overall FF Grade for that subject. This will be rectified as and when he/she passes that particular head of the concerned subject during Remedial/Re-remedial Examination.

c. In case the student is unable to pass that particular head of the subject in the second remedial examination he or she will have to repeat that Semester.

d. The grade FF is taken into consideration while calculating SPI and CPI however this will be replaced only after the clearance of the subject with passing grade

e. The performance of the student in a semester is indicated by a number called the Semester Performance Index (SPI). The SPI is the weighted average of the Grade Points obtained in all the subjects taken by the

student during the Semester. SPI will be calculated (after Remedial/Re-remedial Examination if any) up to two decimal places on the basis of final Grades.

f. Example: Suppose in a given Semester a student has taken subjects having Credits C1, C2, C3, etc. and the numerical equivalent of grades obtained in those subjects are G1, G2, G3, etc. respectively,

g. then his/her

$$\text{SPI} = \frac{\sum_{i=1}^{n} C_i G_i}{\sum_{i=1}^{n} C_i}$$

h. An up-to-date assessment from the time the student entered the course is obtained by calculating Cumulative Performance Index (CPI) which will be used for award of degree. The CPI is the weighted average of the grade points obtained in all the subjects taken by the students since he/she entered the course. It is calculated in the same manner as for SPI.

i. SPI will be calculated (after Remedial/Re-remedial Examination if any) up to two decimals on the basis of final Grades.

j. The formula for converting CPI into equivalent percentage for MBA program is as under
Equivalent percentage = (CPI) * 10

Faculty Members of Center for Management Studies:

Name	Qualification	Broad Areas of Specialization
Dr. Naresh Patel Dean – FoMIS	Ph.D., MBA, M.Com, PGDIBO, BE,FDPM(IIMA)	Marketing Management, Strategic Brand Management, Industrial and Services Marketing, Quantitative Techniques and General Management

6.	Managerial Communication	Business Communication Strategies	M M Monippally	Tata Mc Graw Hill
7	Managerial Economics	Principles of Economics	N Gregory Mankiw	Thomson South-Western

** Latest edition: The latest revised edition which is available in the market will serve as a text book.*

Workload, Pedagogy and Schedule:

Workload: Each classroom term offers seven courses. A full-credit course consists of 34 sessions of 90 minutes each. The workload required of a student in a full-credit course is about 100 hours, both in and outside the classroom. It is tough, no doubt; so too is the managerial career you have chosen to pursue!

Pedagogy: Although the method of instruction may vary form course to course, depending on the nature of the subject, it will be consistent with the basic objective of Programme, namely to develop in the students analytical and decision-making skills rather than pass on knowledge alone. Case analysis, role-play, simulation exercise, group discussion, etc. will, therefore, be employed in preference over the traditional methods of instruction. The

pedagogy is predominantly interactive and requires active participation of the students.

Class schedule: The Programme office prepares the timetable of classes before the start of each term. No cancellation of classes, scheduled in the timetable, is permitted, neither is any deviation allowed, except in an emergency and with approval from the Head. A suitable class session is arranged to make up for any session that was missed in an emergency.
Given the pedagogy and schedule, regular attendance in the classroom sessions is essential.

PLACEMENTS:

The Center will try its best to help students get placements as per their capabilities, but we cannot ensure placements for all the students as there are too many factors involved which may affect this.

The Placement Coordinator will facilitate the students in preparation of the Placement Brochure and organizing interviews with various organizations. It has been seen in the past few years that students who got placed had good academic results (B Grade) and good interpersonal communication skills.

Alumni Association:

The DDU Alumni Association [DDUAA] was established in August 1993, with its headquarters at the Institute and chapters at Ahmedabad, Ankleshwar and Vadodara. It has membership strength is about 5,000. The association is proud of its members, as most of them have excelled in their respective fields. Many of them have won coveted awards. More than 700 members are settled abroad. The association has been promoting interaction among industries, ex-students and the institute to enhance the cause of technical education. DDU has organized and conducted more than 125 seminars, lectures and workshops at various places like Ahmedabad, Vadodara, Ankleshwar and Nadiad.

DDU has also special alumni group for MBA students. All alumni are member of this group. This group organizes various events every year and helps

organization for continuous improvement toward excellence. This number currently is a little more than 450 persons.

Normal working-hours of the Center
Monday to Friday: 8:30 a.m. to 3:30 p.m.
Saturday : 8:30 a.m. to 1.30 p.m.
The Centre may be open during holidays and Sundays also to accommodate sessions taken by visiting faculty members.

General Information:

1. The University is located along the Nadiad-Uttarsanda Road about 3 km away from the Railway/ ST station of Nadiad. The Municipal and local ST buses run frequently between the station and the college.
2. Students will contact the concerned staff for their needs as shown below:

For	**Concerned staff**
Library Services & Identity Card	Dr. C. K. Patel (Library)
Scholarship	Shri D. M. Rathod (Office)
Enrollment/ Eligibility/Certificates	Shri M C Shah (MBA Dept)
ST Concession	Shri Hitesh T. Patel(Mech. Workshop)
Railway Concession	Shri Hitesh T. Patel(Mech. Workshop)

1. In order to help a distressed student, overcome his/her anxieties, the university has established a **COUNSELLING CELL**. A student of the MBA can consult the concerned faculty member of the cell comprising of the professors viz. **Profs. Naresh Patel, Pathik Variya, Frince Thomas** and **Divyesh Patel,**
   The female students may contact Prof. Mansi Rathod or Prof. Agnya Patel.
2. Limited hostel facilities are available for boys and girls in the University.

*** Hospital Working**

Dear Students,

Congratulations on your successful entry in to Medical arena!

A long Journey has started which will have its first Mile Stone in 2025, when you will be awarded M.B.B.S. Degree by this renowned University.

The Medical Council of India defines a Doctor as 'Indian Medical Graduate' (IMG), who is not only a Clinician but is also a Leader, a Life-long learner, a Communicator and a Professional who possesses requisite knowledge, skills, attitudes, values and responsiveness, so that he or she may function appropriately and effectively as a doctor of first contact of the community while being globally relevant.

To be good Doctors, you should know your Teachers:

Unlike in other disciplines, in a Medical College there are three types of teachers:
· Live and Healthy…you have seen these teachers all throughout
· Live and not-healthy…the PATIENTS…your most important teachers
· Teachers who are not alive…the Cadavers

Respect all of them.

You are fortunate that this Medical College is associated with a hospital that is not only the biggest in this region, but is also very well equipped and most importantly, has very large number of patients…the PATIENTS…your most important teachers.

DD University has 50 years long tradition of punctuality, regularity, sincerity, consistency and honesty. In this new Faculty of Medical Science we, students and teachers alike, are going to follow these traditions in letter and spirit.

Together we will strive to make your Journey fulfilling, comfortable and satisfying.

WELCOME!

Dr. J. G. Buch
Dean

ACADEMIC CALENDAR FOR 1ST MBBS: 2021-22*

	From	To
Commencement of 1st MBBS	21/2/2022	
1st Formative Examination	9/5/2022	14/5/2022
2nd Formative Examination	8/8/2022	16/8/2022
1st MBBS Preliminary Examination	11/11/2022	24/11/2022
Block Examination	9/12/2022	15/12/2022
1st MBBS University Examination	6/1/2023	20/1/2023
Result of 1st MBBS	Last week of Jan 2023	
Commencement of 2nd MBBS	FEB- 2023	

General information for student as per Graduate Medical Education Regulation-2019 document

(likely to change as per National Medical Commission guidelines)

- **Phase /year wise training of subjects during MBBS:**

1st MBBS: Human Anatomy, Physiology, Biochemistry, Introduction to Community Medicine, Humanities, Professional development including Attitude, Ethics & Communication (AETCOM) module
(University exam of anatomy, physiology, biochemistry and AETCOM)

2nd MBBS: Pathology, Pharmacology, Microbiology, Community Medicine, Forensic Medicine and Toxicology, Professional development including Attitude, Ethics & Communication (AETCOM) module and introduction to clinical subjects
(University exam of Pathology, Pharmacology, Microbiology and AETCOM)

3rd MBBS (Part 1): General Medicine, General Surgery, Obstetrics & Gynaecology, Pediatrics, Orthopaedics, Dermatology, Otorhinolaryngology, Ophthalmology, Community Medicine, Forensic Medicine and Toxicology, Psychiatry, Respiratory Medicine, Radiodiagnosis & Radiotherapy and Anaesthesiology & Professional development including AETCOM module.
(University exam of Opthalmology, Otorhinolaryngology, Community medicine, Forensic medicine including toxicology and AETCOM)

3rd MBBS (Part 2): Medicine and allied specialties (General Medicine, Psychiatry, Dermatology Venereology and Leprosy (DVL), Respiratory Medicine including Tuberculosis)
Surgery and allied specialties (General Surgery, Orthopedics [including trauma]), Dentistry, Physical Medicine and rehabilitation, Anaesthesiology and Radiodiagnosis)
Obstetrics and Gynecology (including Family Welfare)
Pediatrics
AETCOM module
(University exam of Medicine and allied specialties, Surgery and allied specialties, Obstetrics and Gynecology, Pediatrics and AETCOM)

- **Marks distribution for various subjects in university examination**

Phase of Course	Written-Theory – Total	Practicals/ Orals/ Clinicals
First Professional		
Human Anatomy - 2 papers	200	100
Physiology - 2 papers	200	100
Biochemistry - 2 papers	200	100
Second Professional		
Pharmacology - 2 Papers	200	100
Pathology - 2 papers	200	100
Microbiology - 2 papers	200	100
Third Professional Part – I		
Forensic Medicine & Toxicology - 1 paper	100	100
Ophthalmology – 1 paper	100	100
Otorhinolaryngology – 1 paper	100	100
Community Medicine - 2 papers	200	100
Third Professional Part – II		
General Medicine - 2 papers	200	200
General Surgery - 2 papers	200	200
Pediatrics – 1 paper	100	100
Obstetrics & Gynaecology - 2 papers	200	200

Criteria for passing in a subject: A candidate shall obtain 50% marks in University conducted examination separately in Theory and Practical (practical includes: practical/ clinical and viva voce) in order to be declared as passed in that subject.

In subjects that have two papers, the learner must secure at least 40% marks in each of the papers with minimum 50% of marks in aggregate (both papers together) to pass in the said subject.

Students not satisfying above criteria will be marked as "FAILED" in university exam

Criteria for being eligible in university examination of a subject:

1. ATTENDANCE:

- Attendance requirements are **75% in theory** and **80% in practical /clinical** for eligibility to appear for the examinations in that subject. In subjects that are taught in more than one phase – the learner must have 75% attendance in theory and 80% in practical in each phase of instruction in that subject.
- If an examination comprises more than one subject (for e.g., General Surgery and allied branches), the candidate must have 75% attendance in each subject and 80% attendance in each clinical posting.

2. INTERNAL ASSESSMENT:

- Learners must secure at least 50% marks of the total marks (combined in theory and practical / clinical; not less than 40 % marks in theory and practical separately) assigned for internal assessment in a particular subject in order to be eligible for appearing at the final University examination of that subject.
- Internal assessment will be based on formative (internal and periodic) exams performance, day to day maintenance of journals, logbook, participation in seminar, quiz, projects etc...

Students not satisfying above criteria will not be allowed in university exam of that year (detained students)

- Detained and Failed student will appear in 'supplementary university examination' to be conducted within 90 days from the date of declaration of the results of the main university examination.
- Detained students will have to satisfy the criteria related to ATTENDANCE and INTERNAL ASSESSMENT (as mentioned above) before being eligible in 'supplementary university exam'
- Students who pass in supplementary university exam can join the main batch for progression and the remainder would appear for the examination in the subsequent year

- No more than four attempts shall be allowed for a candidate to pass the first Professional/1st MBBS examination. The total period for successful completion of first Professional course shall not exceed four (4) years. Partial attendance of examination in any subject shall be counted as an attempt.
- A learner, who fails in the second Professional examination, shall not be allowed to appear in third Professional Part I examination unless she/he passes all subjects of second Professional examination.
- Passing in third Professional (Part I) examination is not compulsory before starting part II training; however, passing of third Professional (Part I) is compulsory for being eligible for third Professional (Part II) examination.
- A learner shall not be entitled to graduate later than ten (10) years of her/his joining the first MBBS course.

PHASE WISE TRAINING AND TIME DISTRIBUTION FOR PROFESSIONAL DEVELOPMENT

Phase I -Total 12 months

First Professional phase is of 12 months including Foundation Course of one week and university exams.

It shall consist of –

- Anatomy, Physiology, Biochemistry, Introduction to Community Medicine, Humanities, Professional development including Attitude, Ethics & Communication (AETCOM) module, family adoption program through village outreach where-in each student shall adopt minimum of three (03) families and preferably at least five (05) families, Pandemic module and early clinical exposure, ensuring alignment & all types of integration and simulation- based learning.

Phase II- Total 12 months

Second professional phase is of 12 months (including university exams)

It shall consist of-

- Pathology, Pharmacology, Microbiology, family visit under Community Medicine, General Surgery, General Medicine & Obstetrics & Gynecology, Professional development including AETCOM module, simulation-based learning and introduction to clinical subjects ensuring both alignment & all types of integration.
- The clinical exposure to learners will be in the form of learner-doctor method of clinical training in all phases. The emphasis will be on primary, preventive and comprehensive health care. A part of training during clinical postings will take place at the primary level of health care. Learning experiences shall involve:
- Experience in recognizing and managing common problems seen in outpatient, inpatient and emergency settings
- Involvement in patient care as a team member
- Involvement in patient management and performance of basic procedures.

Phase III – Total 30 months (12+18)

A) Third Professional Part I (12 months, including University exams)

It shall consist of-

- Forensic Medicine and Toxicology, Community Medicine, Medicine & allied, Surgery & allied, Pediatrics and Obstetric & Gynecology including AETCOM, Pandemic module, Clinical teaching in General Medicine, General Surgery, Obstetrics & Gynecology, Pediatrics, Orthopedics, Dermatology, Community Medicine, Psychiatry, Respiratory Medicine, Radio-diagnosis (& Radiotherapy) and Anesthesiology & Professional development.

- Electives (1 month) shall be included here. These will be in 2 blocks of l5 days each in Final first; lst block after annual exam of III MBBS part I and 2nd block after the end of 1st elective.

B) Third Professional Part II (18 months, including University exam)

It shall consist of-

- Medicine and allied specialties (General Medicine, Psychiatry, Dermatology, Venereology and Leprosy, Respiratory Medicine including Tuberculosis), Surgery and allied specialties (General Surgery, Otorhinolaryngology, Ophthalmology, Orthopedics, Dentistry, Physical Medicine and rehabilitation, Anesthesiology and Radiodiagnosis), Obstetrics and Gynecology (including Farnily Welfare), Pediatrics, AETCOM module

Marks distribution for various subjects in university examination

Phase of course	**Written-theory total**	**Practicals / orals/ clinical**
First year		
Human Anatomy - 2 papers	200	100
Physiology - 2 papers	200	100
Biochemistry - 2 papers	200	100
Second Year		
Pharmacology - 2 Papers	200	100
Pathology - 2 Papers	200	100
Microbiology - 2 Papers	200	100
Third Year (part 1)		
Forensic Medicine & Toxicology - 1 paper	100	50
Community Medicine - 2 papers	200	100
Third Year (part 2)	As per NExt Gazette notification	

Criteria for passing in a subject:

- A candidate shall obtain **50% marks** in University conducted examination **separately in Theory and Practical.** (Practical includes: practical/ clinical and viva voce) in order to be declared as passed in that subject.
- In subjects that have two papers, the learner **must secure minimum 50% of marks in aggregate (both papers together) to pass** in the said subject.
- There shall be **no grace marks** to be considered for passing in an examination.
- Students not satisfying above passing criteria will be marked as **'FAILED'** in university exam
- **Students will not be allowed more than four (04) attempts for first year (First professional MBBS) and no students will be allowed to continue undergraduate medical course after nine (09) years from the date of admission into the course.**

Criteria for being eligible in university examination of a subject:

1. ATTENDANCE:

- Attendance requirements are **75% in theory** and **80% in practical /clinical** for eligibility to appear for the examinations in that subject. In subjects that are taught in more than one phase - the learner must have 75% attendance in theory and 80% in practical in each phase of instruction in that subject. There shall be minimum of 80% attendance in family visits under Family adoption programme. Each student shall adopt minimum 3 families and preferably five families.
- If an examination comprises more than one subject (for e.g., General Surgery and allied branches), the candidate must have a minimum of 75% attendance in each subject including its allied branches, and 80% attendance in each clinical posting.
- Learners who do not have at least 75% attendance in the electives will not be eligible for the Third Professional - Part II examination/NExT.
- 75% attendance in Professional Development Programme (AETCOM Module) shall be mandatory for eligibility to appear for final examination in each professional year

2. INTERNAL ASSESSMENT:

- Internal assessment shall be based on day-to-day assessment. It shall relate to different ways in which learners participate in learning process including assignments, preparation for seminar, clinical case presentation, preparation of clinical case for discussion, clinical case study/ problem solving exercise, participation in project for health care in the community.
- Internal assessment shall not be added to summative assessment. However, internal assessment will be displayed under a separate column in detailed marks card.
- Learners must have completed the required certifiable competencies for that phase of training and completed the log book appropriate for that phase of training to be eligible for appearing at the final university examination of that subject.
- Regular periodic examinations shall be conducted throughout the course.
- An end of posting clinical assessment shall be conducted for each clinical posting in each professional year.
- When subjects are taught in more than one phase, the internal assessment will be done in each phase and will contribute proportionately to final assessment.
  For example, General Medicine will be assessed in second Professional, third Professional Part I and third Professional Part II, independently.
- Day to day records and log book (including required skill certifications) will be given importance in internal assessment. Internal assessment will be based on competencies and skills.
- Submission of the log book/ case record to the department is required for eligibility to appear for the final examination of the subject.
- The final internal assessment in a broad clinical specialty (e.g., Surgery and allied specialties etc.) shall comprise of marks from all the constituent specialties. The proportion of the marks for each constituent specialty will be determined by the time of instruction allotted to each.

- Learners must secure **at least 50% marks of the total marks (combined in theory and practical /clinical; not less than 40% marks in theory and practical separately) for internal assessment in a particular subject in order to be eligible for appearing at the final University examination of that subject.** Internal assessment marks will reflect as separate head of passing at the summative examination.

Students not satisfying above criteria will not be allowed in university exam of that year **(detained students)**

- Detained students will have to satisfy the criteria related to ATTENDANCE and INTERNAL ASSESSMENT (as mentioned above) before being eligible in 'supplementary university exam.'
- Supplementary examinations and declaration of results will be processed within 3-6 weeks from the date of declaration of the results of the main examination for every professional year, so that the candidates, who pass, can join the main batch for progression.
- If the candidate fails in the supplementary examination of first MBBS, he shall join the batch of next academic /subsequent year. There shall be no supplementary batches. Partial attendance of examination in any subject shall be counted as an attempt.
- A candidate, who fails in the First Professional examination, shall not be allowed to join the Second Professional.
- A candidate, who fails in the second Professional examination, shall be allowed to join the third Professional Part I training, however he shall not be allowed to appear for the examination unless he has passed second professional examination.
- A candidate who fails in the third Professional (Part I) examination shall be allowed to join third Professional part II training; however he shall not be allowed to appear for the examination unless he has passed second professional examination.

SCHEDULE FOR PAYMENT OF TUITION FEES

Batch 2023-24

Installment	Fees schedule
1st	Through admission committee
2nd	FEB- 2024
3rd	AUG- 2024
4th	FEB- 2025
5th	AUG- 2025
6th	FEB- 2026
7th	AUG-2026
8th	FEB- 2027
9th	AUG- 2027

All the students are required to pay fees as per instruction on Google classroom notice board & college notice board. The penalty of **Rs. 100/day for GQ and Rs. 250/day for MQ** students will be levied for fees paid after due date but within 40 days of passage of due date. After passage of more than 40 days of due date, additional Rs. 200/day for GQ and Rs. 500/day for MQ students will be levied.

NOTE:

Students will need to deposit entire remaining amount of total fees in case of,

- Drop out from MBBS course
- Going out of INDIA for study/ any other purpose
- Disciplinary action against student by authority
- Any other reason due to which student not continuing MBBS study

નોંધ:

વિદ્યાર્થી નીચેનામાંથી કોઈ પણ કારણોસર જો સંસ્થા છોડશે તો બાકી રહેલ અભ્યાસના તમામ વર્ષોની ફી એક સાથે જમા કરાવવાની રહેશે.

- **અભ્યાસ છોડી દેવો**
- **અભ્યાસ અર્થે અથવા કોઈપણ કારણસર વિદેશગમન**
- **સંસ્થા દ્વારા શિક્ષાત્મક કાર્યવાહી**
- **અન્ય કોઈપણ કારણ કે જેમાં વિદ્યાર્થી સંસ્થામાંથી અભ્યાસ છોડી રહ્યો હોય.**

Recommended Books for 1st MBBS subjects for which University exam will be held

1. Anatomy

DON'T "RAG"
ALSO
DON'T BE MUTE WITNESS TO RAGGING

RAGGING :

Any conduct whether by words spoken or written or by an act which has the effect of harassing, teasing, treating or handling with rudeness any other student, indulging in rowdy or undisciplined activities which causes or is likely to cause annoyance, hardship or psychological harm or to raise fear or apprehension thereof in a fresher or a junior will not in the ordinary course and which has the effect of causing or generating a sense of shame or embarrassment so as to adversely affect the physique or psyche of a fresher or a junior student.

The conduct includes but is not restricted to any act by a senior student that prevents, disrupts the regular academic activity of any other student or a fresher; tasks assigned to an individual or a group of students; any act of financial extortion or forceful expenditure burden put on a fresher or any other students; any act of physical abuse including all variants of it: sexual abuse, homosexual assaults, stripping, health or person; any act or abuse by spoken words, emails, post, public insults which or passively participating in the discomfiture to fresher or any other student with or without an intent to derive a sadistic pleasure or showing off power, authority or superiority by a student over any fresher or any other student.

PUNISHMENT :

Depending upon the nature and gravity of the offence as established by the Anti-Ragging committee of the institution, the possible punishments for those found guilty or ragging at the institution level shall be any one or any combination of the following:

- Suspension from attending classes and academic privileges.
- Withholding / withdrawing scholarship / fellowship and other benefits.
- Debarring from appearing in any test / examination or other evaluation process.
- With holding results.
- Debarring from representing the institution in any regional, national or international meet, tournament, youth festival, etc.
- Suspension / expulsion from the hostel.
- Cancellation of admission.
- Rustication from the institution for period ranging from 1 to 4 semester.
- Expulsion from the institution and consequent debarring from admission to any other institution for a specific period.
- Fine of Rs. 25,000/- and Rs. 1 Lakh.
- Collective punishment : When the persons committing or abetting the crime of ragging are not identified, the institution shall resort to collective punishment.

*** Hospital Working**

Dear Students,

Congratulations on your successful entry in to Medical arena!

A long Journey has started which will have its first Mile Stone in 2025, when you will be awarded M.B.B.S. Degree by this renowned University.

The Medical Council of India defines a Doctor as 'Indian Medical Graduate' (IMG), who is not only a Clinician but is also a Leader, a Life-long learner, a Communicator and a Professional who possesses requisite knowledge, skills, attitudes, values and responsiveness, so that he or she may function appropriately and effectively as a doctor of first contact of the community while being globally relevant.

To be good Doctors, you should know your Teachers:

Unlike in other disciplines, in a Medical College there are three types of teachers:
· Live and Healthy…you have seen these teachers all throughout
· Live and not-healthy…the PATIENTS…your most important teachers
· Teachers who are not alive…the Cadavers

Respect all of them.

You are fortunate that this Medical College is associated with a hospital that is not only the biggest in this region, but is also very well equipped and most importantly, has very large number of patients…the PATIENTS…your most important teachers.

DD University has 50 years long tradition of punctuality, regularity, sincerity, consistency and honesty. In this new Faculty of Medical Science we, students and teachers alike, are going to follow these traditions in letter and spirit.

Together we will strive to make your Journey fulfilling, comfortable and satisfying.

WELCOME!

Dr. J. G. Buch
Dean

DHARMSINH DESAI UNIVERSITY
DEPARTMENT OF MCA

Dharmsinh Desai University (DDU)

- A state university, approved by the UGC.
- Formerly known as DDIT.
- Led by Padmashri Dr. H. M. Desai.
- Established in 1968 by renowned philanthropist and the Member of Parliament Late Shri Dharmsinh Desai.

Master of Computer Application (MCA) Programme @DDU

- Since 1987
- Duration: 02 Years (3 Semesters on campus learning; Final Semester fulltime onsite internship)
- Curriculum is balanced blend of courses comprising of core computer science and modern courses in demand at industry.
- All-round development of students by means of various curricular, co-curricular and extra-curricular activities.
- Strong liaison with eminent IT industries and senior academicians.

Eligibility Criteria

- The candidate should have appeared in CMAT exam.
- Minimum 50%(General) and 45%(SEBC/OBC/SC/ST) in Bachelor Degree with Mathematics/Statistics/ Business Mathematics at graduation or 10+2.

Admission Procedure

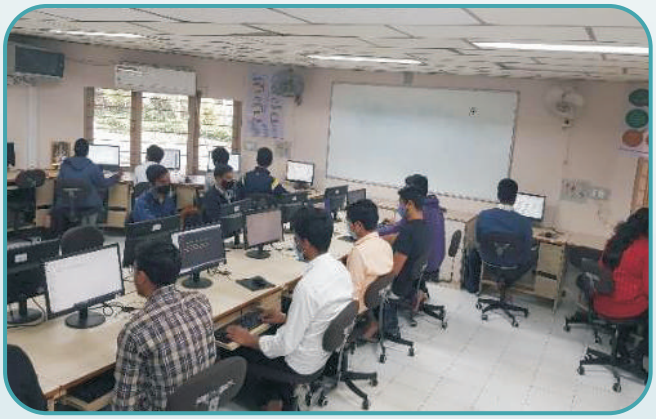

- The admission to MCA Programme is centrally managed by ACPC (Govt. of Gujarat). For further information, please visit: www.jacpcldce.ac.in

For Admission at Department of MCA at DDU please contact:

Dr. Vivek Vyas

Learning Infrastructure

Curriculum

Semester 1

- Algorithm Development & Programming Fundamentals
- Database Management System
- Web Designing
- Computer Organization and Architecture
- Communication Skills
- Elective I
  - Financial Management & ERP
  - Discrete Mathematics
  - Management Information Systems
  - Computer Oriented Numerical & Statistical Methods

Semester 2

- Operating system & Linux Programming
- Object Oriented Programming with Java
- Data Structures
- Software Engineering
- Seminar Presentation
- Elective II
  - System Analysis Design & Management
  - Analysis and Design of Algorithms
  - Cyber Security and Digital Forensic
  - Research Methodology

Semester 3

- Software Design and Testing
- Web Development with PHP
- Mobile Application Development
- Computer Networks and Security
- Elective III
  - Python Programming
  - Advanced Web Development
  - Cloud Computing
  - Artificial Intelligence
- Elective IV
  - Applied Machine Learning
  - ASP .Net Programming with C#
  - Big Data Analytics
  - Advanced Java Programming

Semester 4

- Industry Internship
- Fulltime onsite internship at Industry

Placement @DDU-MCA

- More than 130 companies visited this year for conducting placement drives.
- Placement team aims at providing the best opportunities enabling each student to realize his/her dream.
- Department organizes various skill development programs for all-round grooming of students.
- Workshops and seminars on latest technologies of Industry demand are conducted by the department.
- Institute provides excellent support for online and offline campus placement.

MoU

- The institution has special association in the form of Industrial MoUs with prominent IT companies.

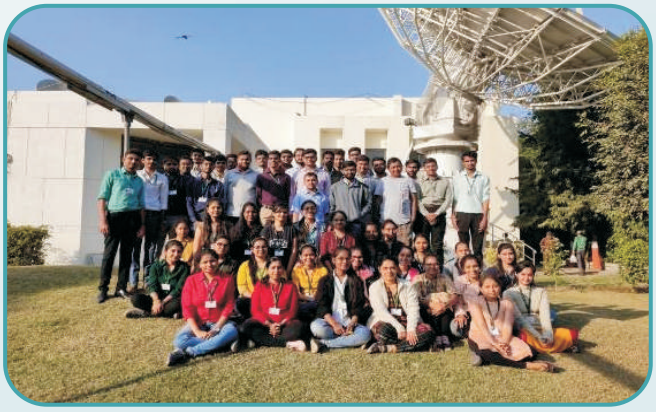

Co-curricular and Extra Curricular activities

- Active alumni contribution through curriculum feedback, seminars, workshop and placement support.

Technical events

Industry Visit

Non-technical events

Alumni Meet

DHARMSINH DESAI UNIVERSITY, NADIAD
FACULTY OF TECHNOLOGY
MECHANICAL ENGINEERING DEPARTMENT

Programs offered and Seat Matrix

B.Tech. in Mechanical Engg. – Total 68 seats.

With specialization in

1. Robotics and Automation
2. Electric Vehicles

(Honors degree for Mechanical students and Minor degree for other engg. branch students)

Course duration: 4 years

- 38 seats (self-financed) filled through ACPC.
- 30 seats (management quota) filled by the university.
- Lateral Diploma to Degree entry through ACPC

M.Tech (CAD/CAM) – 06 seats.

Course duration: 2 years

- Admission Through ACPC
- Direct Admission for students who cleared the GATE exam
- The GATE-cleared students can avail of a stipend as per Govt. Rules.

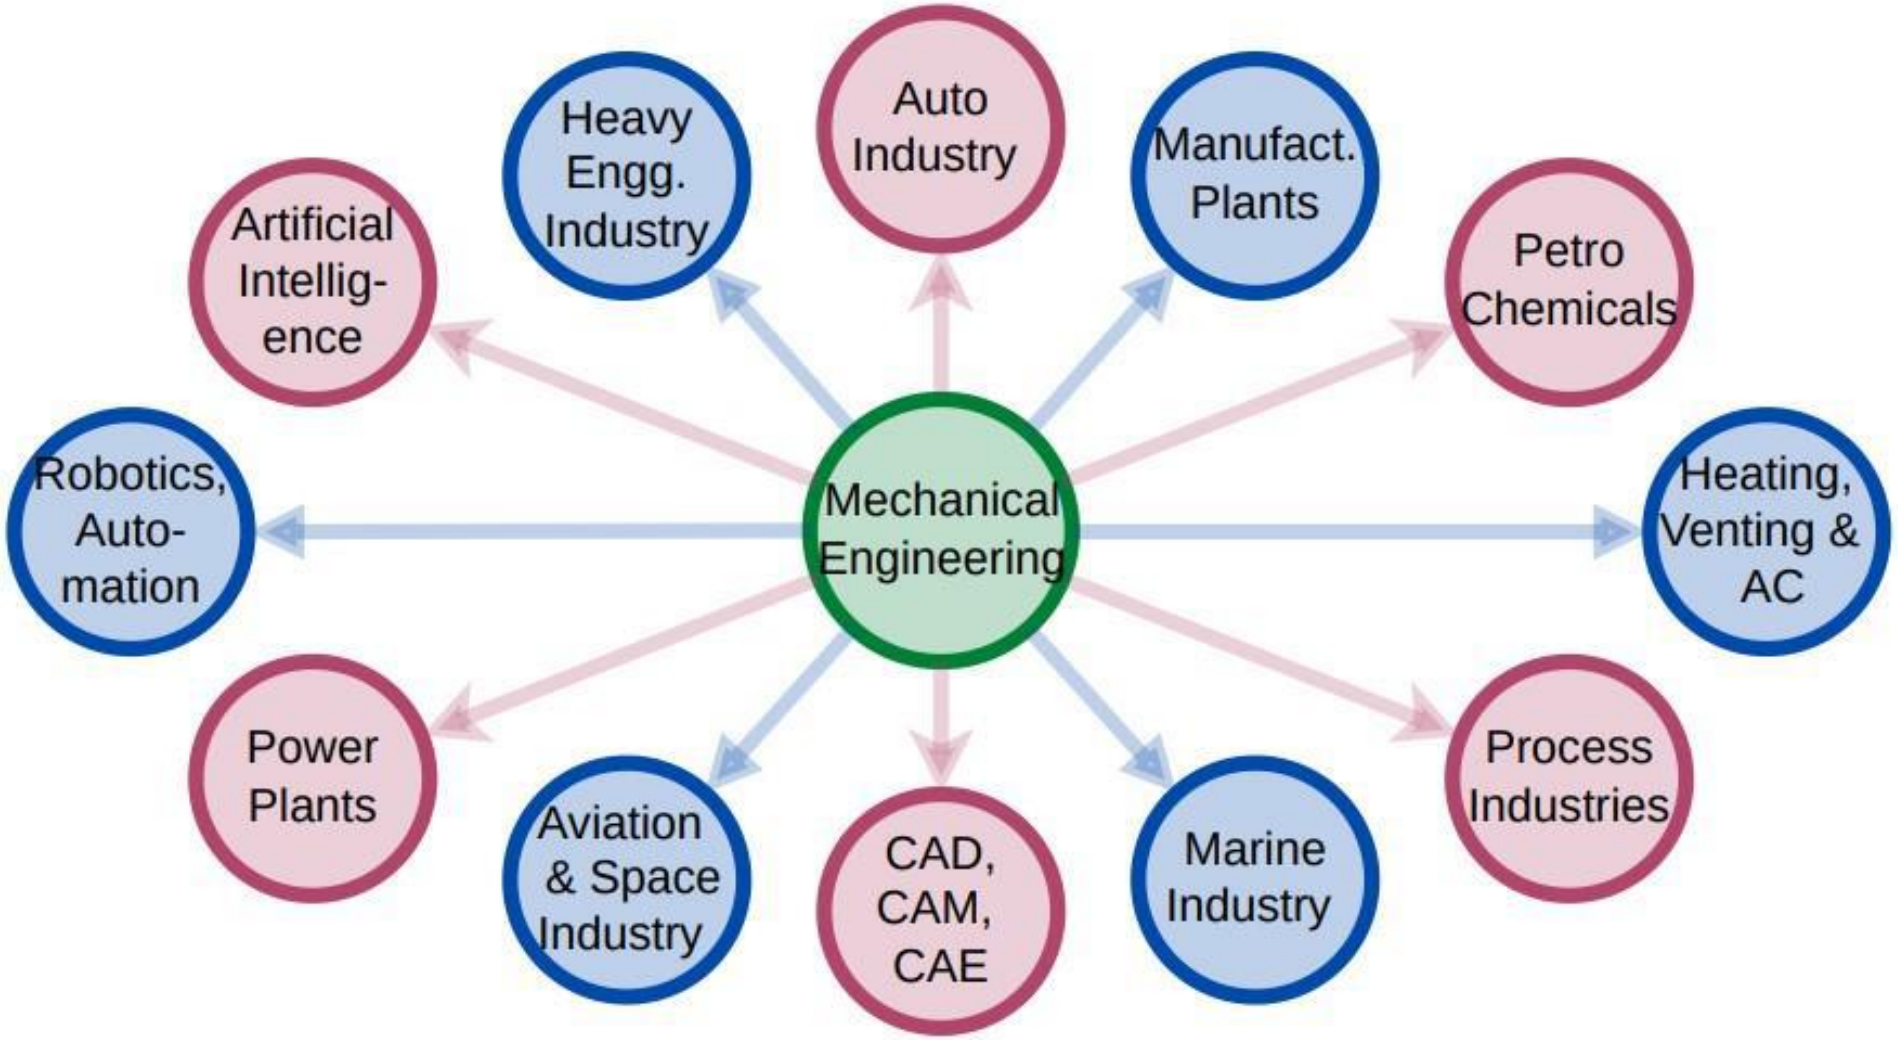

B. Tech. Program in Mechanical Engineering Department initiated in 2010.
The Department is equipped with 16 fully developed laboratories to impart the most advance knowledge in the field

All laboratory has modern equipment and test setups to provide best practical knowledge.

01 UNIQUE TEACHING-LEARNING PRACTICE

INDUSTRIAL TRAINING

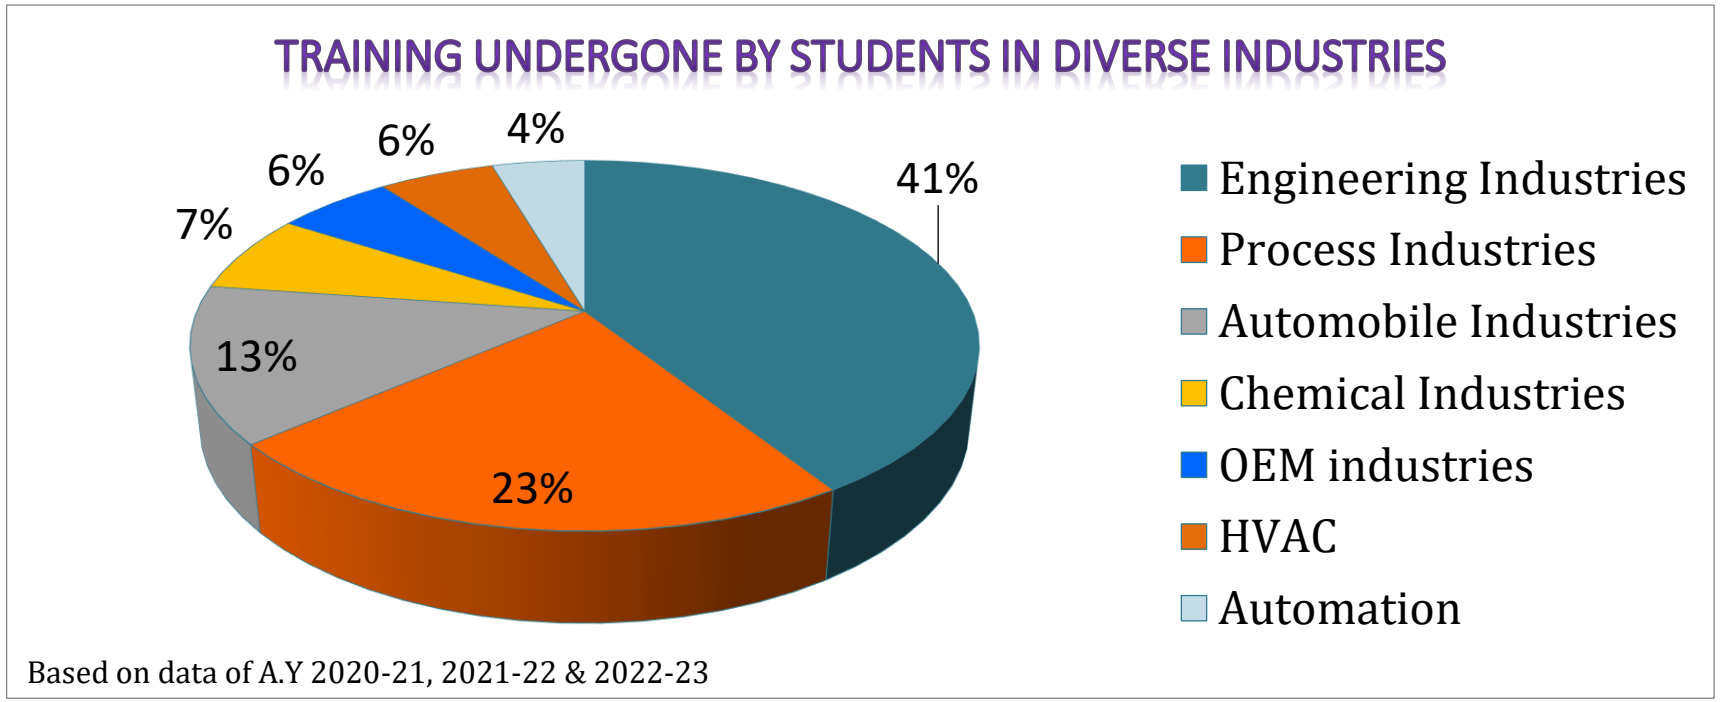

- In the 8th semester, students have to undergo Industrial Training for 8 weeks.
- While the majority of institutions focusing on academic concepts and principles in the classroom, our unique practice of teaching-learning set out for the students to sense the heat of the real world through Industrial Training in their last semester.
- This practice enables students to clench on new industrial processes, business models, and corporate cultures quite before receiving their bachelor's degree and beginning their professional life.

01

UNIQUE TEACHING-LEARNING PRACTICE

EXPOSURE TO DIVERSE INDUSTRIES

- Students are taking rich and in depth experience in their area of interest in different industries through Industrial Training and summer internships.

01

INDUSTRIAL TRAINING

DISPLAY OF COMPANIES

There are more than 80 companies and still students are exploring more companies for their Industrial Training

02

PLACEMENT DETAILS

ORIGIN FOR PROFESSIONAL JOURNEY

- Providing a Platform where students can offer their knowledge and skills to India's finest industries.
- Our associated recruiters are giant conglomerates and MNCs offering a dream career to selected students.
- Our students are nurtured in such a way that they become competent to take up any challenge in their professional life.

03

HIGHER EDUCATION

- Today many engineering students are aspiring to overseas studies. They are determined for thriving in their career in developed countries.
- Department has resolutely supported many students to secure admission in high-ranked Indian as well as abroad universities for their Master.
- Department frequently organizes workshops where well-known Professionals provide information regarding Processes and Precautions for higher education in India as well as abroad.

03

ASPIRATION MEETS SPECIALIZATION

- Adit Desai is one of the brilliant students of mechanical engineering, batch 2014-2018.
- He achieved an impossible feet of scoring 340 / 340 in the GRE exam which is still a benchmark for many aspirants.
- He has completed his MS in Mechanical Engineering from Stanford University having T.H.E rank 04.
- At present, he is working as a robotics and automation engineer at Ebots Inc. in the USA.
